John Stephens Antiques imports a range of chairs from a firm based in France. The 'Bureau Collection' is a selection of chairs made in styles that are appropriate for the study, office or library.

The basis for this collection is our swivel chairs - our Captain's Swivel Chair (stock# 3500) is a consistent favourite. Many of these are gas operated which makes the height of the chair adjustable.

The armchairs come in a range that is appropriate both for the office or for the dining room. Our Directoire Carver (stock# 3086) is a particular favourite for dining rooms as well as the study. As with many of this range it is made both as a chair and as a carver.

On arrival the chair frames are unfinished - John Stephens Antiques will polish, paint and upholster them in the colour, paint and fabric of your choice. If you have any enquiries or would like a quote please contact us:

**Below:** Our **Captain's Swivel Office Chair** pictured behind a pedestal desk.

Captain's Swivel Chair

Our classic Captain's Swivel Chair. The base is gas operated so the height of the chair is adjustable. It is also available with a non-swivel base (stock# 702).

Swivel H960mm - W580mm - D480mm  
Chair H940mm - W580mm - D480mm

Cherry Swivel Chair

This chair is made in cherry wood with delicate proportions. The legs do not move while the base of the seat swivels. Available as a chair (stock# 704) or a carver.

Stock# 703

H940mm - W580mm - D440mm (carver)

Large Swivel Office Chair

Enormous proportions make our Large Swivel Office Chair the perfect complement to a pedestal desk. It is gas operated so the height is adjustable.

Stock# 705

H1060mm - W610mm - D510mm

Louis XVI Swivel Chair

Made from cherry wood in the Louis XVI style. The swivel version of this chair has a gas operated adjustable base. It is also available in the classic desk chair style (right)(stock# 707).

Stock# 706

Swivel H1100mm - W610mm - D450mm  
Chair H990mm - W610mm - D450mm

Directoire Style Swivel Chair

The Directoire is similar to the Cherry Swivel Chair in that the base is stationary while the seat swivels. It also comes in the classic Directoire style armchair (right)(stock# 461).

Stock# 708

Swivel H960mm - W540mm - D490mm  
Chair H990mm - W580mm - D440mm (carver)

Spoonback Directoire

This style is similar to the Directoire except that it is in the spoonback style. As with the Directoire this is also available in the classic armchair style (stock# 477).

Stock# 709

Swivel H990mm - W540mm - D490mm  
Chair H990mm - W590mm - D470mm (carver)

Colosseum  
Chair

We named this the Colossem chair due to the unusual shaped back. Its lovely, solid proportions would complement a pedestal or partners desk wonderfully.

Stock# 710

H760mm - W670mm - D480mm

Swivel Bucket  
Chair

As with the Cherry Swivel Chair the base of this chair is stationary while the 'Bucket' seat swivels.

Stock# 711

H840mm - W650mm - D540mm

Wave Back  
Chair

The simple structure of this chair draws attention to the 'wave' detail in the back. The seat is well-proportioned with excellent support in the back.

Stock# 712

H970mm - W570mm - D450mm

Arc Back  
Chair

Like the Wave Back Chair this chair combines a simple structure in good proportions with a little detail in the back.

Stock# 713

H970mm - W550mm - D450mm

Art Deco  
Directoire

The Art Deco Directoire is elegant in its minimalist design and again features a simple structure with well-proportioned seat and supportive back.

Stock# 465

H980mm - W560mm - D450mm

Directoire  
Carver

Our classic Directoire Carver is mainly sold as a dining chair but its proportions work equally as well as a desk chair.

Stock# 463

H930mm - W550mm - D450mm (carver)

This chair was recently completed in a rough-look leather. The chocolate colour of the leather complements the dark stain on the frame beautifully.
